Talha ESER

Frontend Developer

Passionate Frontend Developer with over 5 years of experience creating interactive web applications and comprehensive user interfaces. Skilled in modern technologies including React.js, Next.js, and various UI libraries (Material-UI, Shadcn/UI), with expertise in building scalable frontend solutions. I specialize in pixel-perfect UI/UX design and responsive web development, ensuring seamless user experiences across all devices. In my spare time, I explore mobile development with React Native and Expo, creating cross-platform applications.

Experience

● Siu Digital

August 2024 - Present

Ankara, Turkey

Frontend Developer

- Led end-to-end frontend development of a comprehensive Applicant Tracking System (ATS) using Next.js, React, Material-UI, and Shadcn/UI components, implementing advanced candidate management features including resume parsing, job posting automation, interview scheduling, and candidate pipeline tracking, while utilizing React Query for efficient data fetching and state management, writing comprehensive component tests and interactive documentation using Storybook, and collaborating with stakeholders to ensure seamless user experience and system scalability.

Techs: ●React ●Nextjs ●React query ●Typescript ●Tailwind ●Mui ●Shadcn ●Storybook

● Hitatek

October 2023 - August 2024

Ankara, Turkey

Frontend Developer

- Developed responsive and interactive user interfaces for both static and dynamic websites using React and Next.js, enhanced UI/UX designs and usability with libraries like Tailwind CSS and Material-UI, integrated with backend using Node.js and Koa.js while performing data operations on MongoDB, and developed and optimized websites according to SEO standards.

Techs: ●React ●Nextjs ●React query ●Typescript ●Tailwind ●Mui ●Nodejs ●MongoDB ●SEO

● Oxarus

August 2021 - October 2023

Ankara, Turkey

Frontend Developer

Developed and maintained responsive and scalable web applications with a strong focus on frontend development, primarily using React and Redux to build reusable, high-performance UI components. Created modern promotional and product pages with HTML, CSS, and SCSS while adhering to SEO best practices and contemporary design trends. Collaborated closely with designers and content teams to ensure consistent user experiences and design accuracy. Integrated frontend applications with RESTful APIs built with Node.js and Express, contributing to seamless data flow. Actively participated in agile development processes, including sprint planning, code reviews, and continuous integration, to deliver high-quality features on time.

Techs: ●React ●Redux ●Saga ●Scss ●Css ●Bootstrap ●HTML●Javascript ●Ant Design ●SEO

● Roketsan A.Ş.

June 2019 - August 2019

Ankara, Turkey

Intern

- Acquired proficiency in LabVIEW, a graphical programming language, during an enriching internship.
